Rent-To-Own Kegs

Keg Management for Craft Brewers

Free up your capital to use on what makes your brewery unique. Cooperage is critical and we believe in using the highest quality kegs. But kegs are not what differentiates a brewery, so why not invest in what does. Leasing kegs is an effective way to quickly grow your keg fleet while allowing you to use your money where it matters most.

Program Features

- **Competitive Rates:** Low monthly rates and low deposit requirements.
- **Branded:** Brewery logo screen printing at no extra cost.
- **High Quality:** Kegs sourced from the highest quality keg manufacturers.
- **Keg Ownership:** All programs have a path to ownership.
- **Flexible:** Leasing customers can easily add more kegs or choose to transition to our Pay Per Fill (PPF) program.
- **Customized:** Our program terms are tailored to meet your specific needs and goals.
- **Sale Leaseback:** To unlock your investment in kegs, we can purchase your current fleet.

Based in Atlanta Ga, HopGistics was created to provide better keg solutions to craft breweries of all sizes.
